

SCALABLE WORKFORCE SOLUTIONS

The best talent at the greatest value for all of your contract, contract-to-hire, and permanent placement needs.

Competing for highly qualified IT talent is tough—and it isn't getting any easier. You need someone you can trust to deliver top IT talent to augment your staffing needs. We are your clear choice for scaling up, or down, based on your workflow so that you can maximize your resources and leverage opportunities.

Peace of Mind With Thorough Screening

We ensure the highest quality candidates with our intensive screening process, measuring technical and interpersonal fit for each position at our clients. Our proprietary process means we give you the right candidate for your position every time. From a thorough technical screening to in-depth reference checks, you can have the peace of mind that comes with making the right hire.

Efficient Every Step of the Way

Utilizing technology, we bring efficiency to everything we do. Our revolutionary business model gives our clients the best talent in the market, while giving our people the most competitive rates and control over their careers. It's why we maintain some of the longest tenured professionals in the business, and it's why our clients continue partnering with Technology Partners for their staffing needs.

They are a very reliable source of high-end information technology consultants. Technology Partners is my go-to, my first recommendation always.

CLIENT SUCCESS STORY

RAPID GROWTH LEADS TO GROWING IT STAFFING NEEDS

Experiencing over 900% growth in just a few years, a pharmaceutical company needed a trustworthy staffing partner.

The Challenge

A Fortune 100 pharmacy benefit management company was at the beginning of a period of time that would see the company grow by over 900%. Their demand for top IT talent was rapidly increasing, and at over 200 open positions a year, they **needed a partner they could trust** to send qualified, screened candidates to carry the load.

The Plan

Using an **extensive network of IT professionals**, Technology Partners could let our client grow where they needed to grow—all over the country. By finding the right partner to locate top talent in Minneapolis, Orlando, New York, and elsewhere, they could focus on growing without dwelling on the growing pains.

The Results

As a preferred partner out of 36 other vendors, Technology Partners was able to fill needs in skill areas like Project Managers, Java Developers, IT Architects, Technical Support, and Business Analysts all at a **cost savings because of our unique business model**.

“Technology Partners’ people take ownership of issues and drive them to completion.”
