PRESS RELEASE

TECHNOLOGY PARTNERS NAMED LARGEST SOFTWARE DEVELOPMENT FIRM AND SECOND-LARGEST IT CONSULTING FIRM IN ST. LOUIS REGION BY ST. LOUIS BUSINESS JOURNAL

St. Louis, Mo., July 8, 2020: Technology Partners has been named the largest software development firm and the second-largest IT consulting firm in the St. Louis metropolitan area in 2020 by the St. Louis Business Journal. The rankings are based on the total number of software developers and full-time equivalent IT consultants on staff.

"We continue to grow by helping our clients maximize their current technology assets and deploy the next generation of disruptive services and solutions. We empower our clients to succeed by embracing their mission as our own. This means partnering with them to create customized IT solutions and applications that overcome vexing challenges and improve business systems and processes in cost-effective and efficient new ways. Our 360-degree IT perspective and social consciousness has energized our clients to achieve their ambitions for more than 26 years."

- Lisa Nichols, CEO, Technology Partners

Founded as an IT staffing firm, Technology Partners has expanded to deliver IT solutions that are flexible, scalable, cost-effective, and productive. Today, by recruiting the industry's best talent and utilizing flexible methodology, Technology Partners helps clients achieve their organizational goals with best-in-class software development. Additional services include staffing, cloud productivity, data and analytics, and managed IT services to clients gain a competitive advantage.

Technology Partners is an award-winning, Chesterfield-based company that provides premier IT staffing and solutions. With over 26 years of experience, the company has partnered with hundreds of corporate clients across a range of industries nationwide, primarily fintech, healthcare and agriculture. It is a certified Women Business Enterprise and was built upon a revolutionary transparent-margin business model. Technology Partners provides a competitive advantage for its clients while giving consultants higher salaries and career control. For more information, visit www.technologypartners.net.
