PRESS RELEASE

TECHNOLOGY PARTNERS NAMED 10TH LARGEST WOMAN-OWNED BUSINESS IN ST. LOUIS FOR 2020

St. Louis, Mo., August 26, 2020: August __, 2020 – The St. Louis Business Journal has named Technology Partners as the 10th largest woman-owned business in the St. Louis metropolitan area in 2020 based on 2019 revenue. Technology Partners is a Certified Women Owned Business, supplying IT Staffing and Solutions to clients across the nation. According to the St. Louis Business Journal, the company is also the largest temp staffing agency and the second-largest IT consulting firm in the St. Louis region and was recognized by the St. Louis Post Dispatch as a 2018–2020 Top Workplace as well as Best Work/Life Flexibility in 2018.

“We have grown each year by empowering our clients to succeed and embracing their mission as our own,” said Technology Partners CEO Lisa Nichols. “This means partnering with our clients to create customized IT solutions and applications that overcome vexing challenges and improve business systems and processes in cost-effective and efficient new Ways. We strive every day to demonstrate Technology Partners’ vision of collaborative consulting that drives lasting change in the world with a commitment to excellence and integrity.”

-Lisa Nichols, CEO, Technology Partners

Lisa and Greg started Technology Partners in 1994 to revolutionize the staffing industry with first transparent margin business model that provides superior value for clients with career control and high salaries for employees. The company has since expanded its services to deliver IT solutions including artificial intelligence, managed IT services and cloud productivity, as well as IT leadership development resources. Today, Technology Partners has more than 350 employees and serves clients ranging from Fortune 500 businesses to small and mid-size organizations in the financial services, agribusiness, healthcare and other industry sectors.

“Our clear and simple approach to business solutions delivers the best custom applications and solutions in the industry, all while maintaining service and value that exceeds standards,” said Greg Nichols, Co-Founder and President of Technology Partners. “We are honored and excited to once again be ranked among the largest woman-owned businesses in St. Louis, and we look forward to continuing this tradition in the years ahead.”

-Greg Nichols, Co-Founder and President, Technology Partners

FOR RELEASE 9 A.M. CENTRAL TIME, AUGUST 26, 2020

Technology Partners has also guided the startup of The Technology Leadership Experience, called The TechLX, in St. Louis. The TechLX puts high-potential IT professionals on the fast-track to developing effective leadership capabilities and business acumen and helps transform participants from solutions providers to strategic business partners and innovation anticipators. More than 90 participants from dozens of St. Louis area companies have participated to date, with more expected to participate throughout 2020 and beyond.

Technology Partners has partnered with hundreds of corporate clients nationwide across a range of industries. For more information, visit www.technologypartners.net.
